Cold War, the open yet restricted rivalry that developed after World War II between the United States and the Soviet Union and their respective allies. The Cold War was waged on political, economic, and propaganda fronts and had only limited recourse to weapons. The term was first used by the English writer George Orwell in an article published in 1945 to refer to what he predicted would be a ...

The Cold War was a period of geopolitical tension between the Soviet Union with its satellite states (the Eastern Bloc), and the United States with its allies (the Western Bloc) after World War II. A common historiography of the conflict begins between 1946, the year U.S. diplomat George F. Kennan's "Long Telegram" from Moscow cemented a U.S. foreign policy of containment of Soviet expansionism ...

As soon as the term "Cold War" was popularized to refer to postwar tensions between the United States and the Soviet Union, interpreting the course and origins of the conflict became a source of heated controversy among historians, political scientists and journalists. In particular, historians have sharply disagreed as to who was responsible for the breakdown of Soviet Union–United States ...
