Entrepreneurship is the process of designing, launching and running a new business, which is often initially a small business. The people who create these businesses are called entrepreneurs. [need quotation to verify] Entrepreneurship has been described as the "capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit."

### **Entrepreneurship - Wikipedia**

Knowledge entrepreneurship describes the ability to recognize or create an opportunity and take action aimed at realizing an innovative knowledge practice or product. Knowledge entrepreneurship is different from 'traditional' economic entrepreneurship in that it does not aim at the realization of monetary profit, but focuses on opportunities with the goal to improve the production (research ...
