Technocracy is a proposed system of governance in which decision-makers are selected on the basis of their expertise in a given area of responsibility, particularly with regard to scientific or technical knowledge. This system explicitly contrasts with the notion that elected representatives should be the primary decision-makers in government, though it does not necessarily imply eliminating ...

Restraining Government in America and Around the World. By refusing to implement a Clean Brexit and instead pursuing a Brexit-in-Name-Only, Prime Minister Theresa May has dramatically reduced support for the Conservative Party in the United Kingdom.. The poll numbers are now so bad that it is conceivable to imagine that Jeremy Corbyn could win the next election.
