Appendix E identifies a number of specific DMSMS management-related questions for use in support of LAs. As was the case for SE technical reviews, the DMSMS management-related questions offered in the appendix have been designed for use by the DMSMS community to inform DMSMS discussion before the LAs and to highlight DMSMS issues to be addressed during the LAs.

Implementing OEE Why should I implement OEE? OEE (Overall Equipment Effectiveness) is a universally accepted method for measuring the improvement potential of a production process - with one simple number. Measuring makes it easier to improve, and improving productivity (by eliminating waste) is the core objective of Lean Manufacturing. OEE also provides a critical link between measurement ...
