A puppeteer is a person who manipulates an inanimate object that might be shaped like a human, animal or mythical creature, or another object to create the illusion that the puppet is "alive". The puppeteer may be visible to or hidden from the audience. A puppeteer can operate a puppet indirectly by the use of strings, rods, wires, electronics or directly by his or her own hands placed inside ...

On a bitterly cold winter's day, with snow falling and a blanket of snow covering the ground, a hungry rabbit leaves the warmth of his burrow in search of food. He spies a lone red apple hanging from a tree and scampers happily towards it delighted to have found something to fill his stomach. However, when he reaches the tree he realises that the apple is way beyond his reach.
