

Principles Of Corporate Insolvency Law

Principles Of Corporate Insolvency Law

The modern history of corporate insolvency law in the UK began with the first companies legislation in 1844. However, many principles of insolvency are rooted in bankruptcy laws that trace back to ancient times.

United Kingdom insolvency law - Wikipedia

Corporate law (also known as business law or enterprise law or sometimes company law) is the body of law governing the rights, relations, and conduct of persons, companies, organizations and businesses. It refers to the legal practice relating to, or the theory of corporations. Corporate law often describes the law relating to matters which derive directly from the life-cycle of a corporation.

Corporate law - Wikipedia

The World Bank and the United Nations Commission on International Trade Law (UNCITRAL), in consultation with the International Monetary Fund (IMF), designed the Insolvency and Creditor Rights Standard (the "ICR Standard") to represent the international consensus on best practices for evaluating and strengthening national insolvency and creditor rights systems.
