

Sniper Rifles From The 19th To The 21st Century Weapon

Sniper Rifles From The 19th

Sniper rifles have continued to be used consistently throughout the later part of the 20th century in Korea, Vietnam and the Middle East as an integral part of the modern style of guerilla warfare. The durability, accuracy and power of modern sniper rifles are beyond anything in use even 10 years ago and would seem amazing in comparison to any World War II sniper rifles.

Sniper rifle - Wikipedia

BEST-OF-BREED TACTICAL RIFLES DESIGNED FOR THE NEEDS OF THE PROFESSIONAL MARKSMAN. Through years of experience working with elite tactical forces stationed around the world, we have determined what works and what doesn't under the extreme conditions of actual military and law enforcement tactical applications.

A sniper is a military/paramilitary marksman who operates to maintain effective visual contact with and engage enemy targets from concealed positions or at distances exceeding the target's detection capabilities. Snipers generally have specialized training and are equipped with high-precision rifles and high-magnification optics, and often feed information back to their units or command ...
