What Are “Lots” in Forex Trading? The decision to take a trade in the Forex market should be the result of a due diligence process that must consider various factors. Knowing where the market will go is not enough to make a profit from Forex trading. There are only two directions to choose from before taking a trade: long or short.

What Are “Lots” in Forex Trading - Explanation and ...

One of the most important elements in successful forex trading is money management. Structuring a trading plan without a prudent money management component, can seriously affect a trader’s profits and potentially put them out of business. An integral part of money management consists of responsibly determining how large of a position a trader should take [...]
